

SUMMIT & THE PEAK provides new protection from all directions, top, sides, front and back. Superior protection is what you get with the SUMMIT & THE PEAK hard hat NOW! Head protection, is the objective, but SUMMIT & THE PEAK offer much more.

COMFORT: The new SUMMIT & THE PEAK suspension system sets the standard for comfort.

STYLE: The twenty first century look of the SUMMIT & THE PEAK is so revolutionary that every other hat is dated by comparison.

FIT: The A-SAFE integrated ratchet system of the SUMMIT & THE PEAK makes sizing quick and easy.

Did you know that the SUMMIT suspension centers itself automatically on the wearer's head? YES it does!

Regardless of head size, the SUMMIT & THE PEAK always automatically sits in the center.

COLORS: SUMMIT offers 10 standard colors. THE PEAK offers 8 Standard colors. Other colors available on request.

LOGOS: YES the SUMMIT & THE PEAK can be personalized with your logo, and we can offer you the largest logo space available.

A99

- Expanded polystyrene inner shell to prevent injuries from lateral, side and back impacts.
- Ergonomically designed 6 point suspension with 2 adjustment levels for the head band on the front and rear tabs for additional stability and comfort.
- Sliding mechanism on the rear tabs to perform centering of the helmet on the head.
- A-99R offers a ratchet mechanism to fit head sizes from 6 1/2" to 8", including nape strap comfort pad.
- A-99 offers a pinlock mechanism to fit head sizes from 6 1/2" to 8", including nape strap comfort pad.
- Crown pad and sweat band for user comfort.
- Weighs less than 16 oz (454 gr).

A99R

A109R

THE PEAK FEATURES:

- P.B.T. "Polybutylene Terephthalate Polyester" outer shell (for heat resistance), designed to provide all around impact and penetration protection.
- Universal slots (will accept all attachments).
- Expanded polystyrene inner shell to prevent injuries from lateral, side and back impacts. Styrene cover shell that encapsulates the Polystyrene inner shell.
- 6 point suspension with 2 adjustment levels for head band on front and rear tab for additional stability and comfort.
- Sliding mechanism on rear tabs to perform self centering of the helmet on the head.
- Ratchet mechanism to fit head sizes from 6 1/2" to 8", including a nape strap comfort pad.
- Crown pad and sweat band for user comfort.
- Weighs less than 18.5 oz (525 gr).

Meets and exceeds all test requirements of the new CSA Z94.1.92 (Canadian lateral protective helmet standard).

NORTH HEAD PROTECTION

REGULAR SAFETY HATS WITH 4 POINT OR 6 POINT SUSPENSION

Regular or Ratchet type

A-SAFE offers 6 models of slotted hard hats both in pinlock and ratchet style, suspensions as well as one bump cap model. These hats are manufactured to the highest standards.

CONSIDER THESE IMPORTANT FEATURES:

- High density polyethylene shell.
- Rain trough to shed rain out over the peak rather than down the neck of the wearer.
- Reinforcing ribs for extra shell strength.
- Nylon suspension for all-weather protection, except for A59 and A59/6 which offer an all plastic cradle suspension.
- 3 position vertical adjustable headband for a comfortable fit.
- Foam backed perforated vinyl sweatband.
- A combination head hugging nape strap and sizing adjustment. A-SAFE A59, A59/6, A69 and A79 hats weighs less than 10 oz. A-69R and A79R hats weighs less than 12 oz.
- Side slots allow the easy attaching or detaching of accessories including: welding helmets, ear muffs, faceshields or combination of ear muffs and faceshields, or while screens maintaining standards and eliminating the need to drill the shell.

ADDED FEATURES ON MODELS A69R / A79R

A69R and A79R offer a more comfortable fitting cap with a ratchet style adjustable suspension. Recommended for use in welding applications for linesmen, forestry & petrochemical or when faceshields are used on the cap. The adjustable ratchet headband offers a perfect fit.

A properly adjusted helmet won't fall off even if the user works in an upside down position.

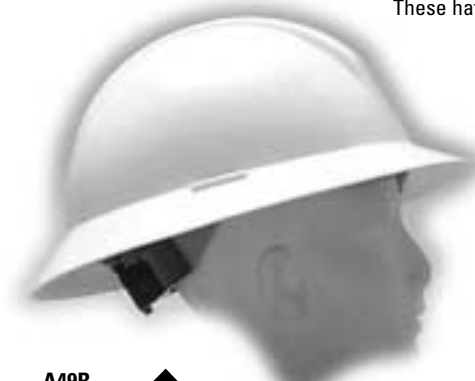

All the above safety protective caps meet and exceed ANSI Z.89.1.1986 standards

FULL BRIM HATS WITH 4 POINT OR 6 POINT SUSPENSION Regular or Ratchet type

A-SAFE offers you now 4 models of full brim SLOTTED hard hats in pinlock and ratchet type suspensions. These hats are all manufactured to the highest standards.

CONSIDER THESE IMPORTANT FEATURES:

- A49 and A49R models. High density polyethylene outer shell for impact resistance
- A39 and A39R models. P.B.T. (Polybutylene Terephthalate Polyester) outer shell for heat resistance.
- Full all around brim for extra protection against U.V. rays and rain.
- Side slots to easily attach or detach accessories.
- Suspension with 2 adjustment levels for head band on front and rear tab for additional stability and comfort.
- Sliding mechanism on rear tabs allows self centering of the helmet on the head.
- Crown pad and sweat band for user comfort.
- A combination head hugging nape strap and sizing adjustment from 6.5" to 8".
- Side slots allow the easy attaching or detaching of accessories (This feature is unique to the A-SAFE full brim hard hats).

A49
High density polyethylene outer shell, 4 point web suspension with pinlock adjustment.

A39
P.B.T. outer shell, 4 point web suspension with pinlock adjustment.

A39R
P.B.T. outer shell, 6 point web suspension with ratchet.

All the above safety protective caps meet and exceed ANSI Z.89.1.1986 standards

BUMP CAP

BC89

Low Hazard Area BUMP CAP Ideal protection against bumps, scalp lacerations and injuries resulting from contact with low overhead pipes, passageways and other objects. The A-SAFE bump cap is cool and light weight for total wearer comfort. Made out of polyethylene these caps resist cracking and chipping. Bump caps are ideal for: Auto mechanics. • Food handling and processing personnel • Meat packing employees • Plumbers, etc...

GOLD AWARD

A79GPA

Gold plated Award Hat A-SAFE Gold plated Award Hat is not a safety hat. This is the ideal gift for a person that break's ground on new construction projects, or to an employee that has achieved a good safety record, etc...

BC89 BUMP CAP & A79GPA gold award hats do not meet CSA or ANSI Standards

HEAD PROTECTION ACCESSORIES

◀ A79RNS RATCHET & NAPE STRAP

The A-SAFE ratchet nape strap is especially designed to fit the A59 / A69 / A79 caps in order to secure the cap when used in strenuous activity, or when attachments such as welding helmets or faceshields are used.

Easy to install, just snap into the side holes provided in the suspension.

A9MLB MINERS LAMP BRACKET

The new A-SAFE miner's lamp bracket is made of solid, flexible and weather resistant plastic (Sentoprene). It is shock resistant and will perform under the toughest mining conditions.

Especially designed for the A-SAFE line of hard hats, it is easy to install. Constructed of 100% plastic except for two stainless steel screws.

The kit includes the lamp cord holder which is also made of plastic.

A99C 4 point CHIN STRAP for:

A99 - A99R

A109R - A119R - A129R

A39 - A39R - A49 - A49R

The new A-SAFE 4 point chin strap is fully adjustable and provides you with the best method to secure your A99R and A109R, A-SAFE hard hat in situations where more retention may be needed. Easy to install, just snap hooks in the holes provided on the outer shell.

▲ A-79C CHIN STRAP for:

A59 - A59/6

A69 - A69R - A79 - A79R

The A-SAFE A79C chin strap fits all A-SAFE hats and most other standard hard hats.

Made of two nylon hooks and an elastic band. Easy to install, just engage both hooks in the holes provided on the plastic shell.

SB460 / SB461 / SB470

SB460 Foam sweat band with laminated terry cloth on one side and brushed nylon on the other for: A79, A99R, A69, A69R (Pack of 10).

SB461 Same is SB460 for: A99, A99R, A109R, A119R (Pack of 10).

SB470 Terry cloth sweat band with velcro closure.

- Individually packaged.
- Universal fit.

450SB SWEAT BAND

Will keep you cool on a hot job and will prevent forehead perspiration from getting into your eyes.

The SWEAT-BAND is manufactured of perforated cellulose acetate in a new Air-Vent design.

It may be used dry, but it is more effective if dampened first in cold water.
Washable.

◀ XG27 CAP MOUNTING RACK

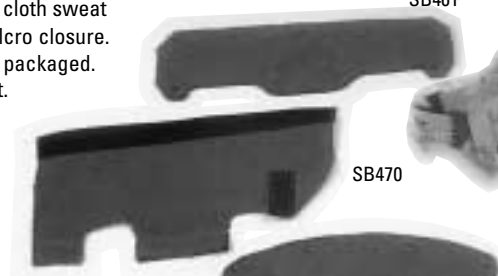

Cap rack for seat mounting on the back or front of a vehicle. Will not mark or damage the seat material. Holds all safety caps.
