

AIR/SMOKE BLOWERS

Axial Blowers

Axial Blower w/Canister

AC or DC 8" Axial Blowers offer low profile, low weight, and high output performance. Both are available with 15 or 25 feet ducting and handy storage canister for a complete system.

Part No. 9513	AC Axial Blower
Part No. 9514	AC Axial w/Canister - 15' Ducting
Part No. 9514-25	AC Axial w/Canister - 25' Ducting
Part No. 9506	DC Axial Blower
Part No. 9506-01	DC Axial w/Canister - 15' Ducting
Part No. 9506-25	DC Axial w/Canister - 25' Ducting

Axial Blower

16" Blower

Electric motor with 21 blade cast impeller. Stacks for multiple blower use.

Part No. 9515	Standard Blower
Part No. 9515-01	Explosion-Proof Blower
Part No. 9516	High Output Blower
Part No. 9517	Gas Blower

Part No. 9513-50	
Part No. 9513-52	Propane Regulator

Heater

For use with the 9513 only. High output propane heater offers solid state ignition, flame indication light and flow control. 70,000BTU; 15/110V; 25lbs.

Centrifugal Blowers

Gasoline Blower

For remote locations. 8" ports, steel guards, high flow rates.

Part No. 9505	Gasoline Blower
----------------------	-----------------

Standard Blower

Part No. 9504	Standard Blower
Part No. 9504-50	High Output Blower

Economy Blower

Electric motor. Perfect with generators.

Part No. 9512	Economy Lightweight Blower
----------------------	----------------------------

Deluxe Blower

Part No. 9502	Heavy Duty Blower
Part No. 9503	Explosion-Proof Blower
Part No. 9507	2-Speed Blower
Part No. 9508	Air Driven Blower
